DETAILED ACTION

Response to Amendment

1. Amendments to claims 1 and 2 have been entered in the above-identified application. **Claims 1-4 are pending.**

Claim Rejections - 35 USC § 112

The following is a quotation of the first paragraph of 35 U.S.C. 112:

The specification shall contain a written description of the invention, and of the manner and process of making and using it, in such full, clear, concise, and exact terms as to enable any person skilled in the art to which it pertains, or with which it is most nearly connected, to make and use the same and shall set forth the best mode contemplated by the inventor of carrying out his invention.

2. Claims 1-4 are rejected under 35 U.S.C. 112, first paragraph, as failing to comply with the written description requirement. The claim(s) contains subject matter which was not described in the specification in such a way as to reasonably convey to one skilled in the relevant art that the inventor(s), at the time the application was filed, had possession of the claimed invention.

Claims 1 and 2 have been amended to recite that the water-soluble ethylene-acryl resin contains "50-80 wt.% of ethylene and 50-20 wt.% of acryl resin" and has "a number-average molecular weight of 20,000 to 50,000". However, there is no support for the amendment to the type of percentage and molecular weight in the original disclosure. The Applicants point to the foreign priority document for support however the foreign priority document has not been incorporated into the instant application by reference and hence can be used as support for this amendment. Applicants are

required to cancel the new matter in response to this Office Action and are reminded that any previously applied rejections may be reapplied upon canceling the new matter.

Conclusion

3. Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the date of this final action.
